* * SPECIAL ASSEMBLIES * *

Janmashtami Celebration

A special assembly on Janmashtami for classes Prep to II was organised in our school on 8th Sept., 2023 with mirth and joy. The premises were decorated beautifully with vibrant coloured flags and the spirit of festivity was enhanced with Jhankies depicting the scenes of childhood of Lord Krishna and his birth in prison. Classes Prep to II presented scenes from Lord Krishna's life. Children were told about the significance of Janmashtami and the story of Lord Krishna's birth which added value to the customs and faith in the tradition of India.

Teachers' Day Celebration

A special assembly was organized on 5th September 2023 by the students on the occasion of Teachers' Day. Students recited a special prayer to honor their teachers. This was followed by the thought for the day and a speech through which the importance and significance of the day was highlighted. Students also presented a thanks giving poem on the occasion. The special assembly culminated with National Anthem.

|||lllll ☆ ✨ Budding Writers ✨ ☆ |||lllll

In the laboratory of life, where connections brew,
Friends and teachers, like elements, come into view.

A friendship, a mixture of molecules in harmony,
Infused with the magic of biology and chemistry.

Like cells, we divide and multiply our bond,
Growing together, through joys and beyond.

Teachers, the catalysts that unlock our minds,
Nourish our learning, like nutrients that bind.

Amino acids, building blocks of our existence,
Represent the friends who lend us their assistance.

They bond with us, forming a resilient chain,
Supporting and inspiring, through joy and pain.

Like DNA strands, we weave together our stories,
Exchanging knowledge, building allegories.

Teachers, the enzymes that accelerate our growth,
Enlighten our minds and nurture our oath.

Like chemical reactions, reactions of the heart,
Friends and teachers play their intricate part.

They catalyze our learning, spark our curiosity,
Guiding us with wisdom and generosity.

Through biology and chemistry, we understand,
That friendships and teachers go hand in hand.

A delicate equilibrium, a symphony of trust,
Our companions on this journey, both gentle and robust.

So let us celebrate the bonds we've formed,
The connections that keep us safe and warmed.

For in this intricate dance of life we unfold,
Friends and teachers are the elements of gold.

Bidhan Rakshit, XI-B

INDIA'S G20 PRESIDENCY -
unity beacon
Our Nation Our Future
Our Family

In India's vibrant embrace, many **aspire**
A symphony of nations, each with its unique name
Underneath **the sun and sky**, our dreams intertwine
G20's guiding light, in unity we shine -
From Mumbai's bustling streets to the Himalayan heights.
Together we chart a course through day & night
In India's grand hands, the world find its stage
A promise of progress, in this **global arena**
With wisdom & hope, our mission will define
As G20 India leads, forging future that align.
वसुधैव कुटुम्बकम् ॥

Akansa Sahu, X A

LITTLE → TIME OF CHILDHOOD

Happy happy times, reuniting time of childhood,
Playing with all the friends, in the neighbourhood.
Wandering with friends, tension free,
In the garden, under the tree.
Riding cycle, playing with toys
Every moment was full of joy.
Loving junk food, candies, chocolate.
Fruits with sugar, all kids would love.
Flying was a passion in that age,
No one liked to live in the cage.
Today all alone, in that garden I stand
Thinking about that -
Happy happy times, reuniting time of childhood.

Gurleen Kaur, IX A

Journey of I.S.R.O

A time of poverty, which led to this scarcity
Come on my friend, let's go above gravity!!!
How much will a tank of hydrogen and oxygen cost
Not more than a toast.
Oh! We touched the sky, the feet of heaven
I hope it doesn't take as much as time as
Ivan the rebel.
Oh! We touched the moon, before the moon
I hope it doesn't smash like that potato mash.
Oh! We touched the skies of the realm of red land
I hope it doesn't go to the infinity for eternity.

Atharva Tiwari, X E

WORLD'S FASTEST
SHUTTLE
is an **INDIAN!**

Yes! It is true. By hitting the shuttlecock at a speed of 565 km per hour, **S. Rankireddy** has become the fastest badminton player in the world.
Just at the age of 22 years, **Satviksairaj Rankireddy** has set the Guinness World Record. He achieved this feat in 2023 Korea Open. It is amazing that he smashed faster than a Formula 1 car's top speed, which is 372.6 km per hour.
With this hit, Rankireddy surpassed Malaysian badminton player **Tan Boon Heng's** record of 493 km per hour in the year 2013.
Rankireddy's skills in badminton and this record-breaking hit has made him world-famous. Rankireddy added more laurel in his kitty by winning a trophy for Korea Open Men's Doubles Finals by defeating Indonesia. Another Indian, **Chirag Shetty** was his companion in this winning spree.

Dashleen Kaur, IX C

Topic- The Emergence Of Globalization (Poem)

Globalisation is spreading faster around
It increases the trade of the earth round
It also cause deforestation in the economy
But connects us with some technology
Challenges arise such as cultural expectation
work force grace diverse due to globalisation
Global corporation is a key to success
But due to disparity and skilled worker may feel depress
Environmental impact is a pressing concern
Sustainability is a lesson that we should learn
We live in a connected world
So we should live together in abode
Through technology and communication
We witness the emergence of globalization

Saksham Taneja, IX A

India's Roadmap to Renewable Energy

India, The Golden Bird

Soaring through the brighten skies

The rays caressing it's aureate wings

A flight to claim the light.

To regain what was stolen

From the laps of its soil.

It paves a path through the mazes

Towards the glow of renewable light.

The whirring wind through the turbine blades

A lullaby ringing in the glades

Symphony of the progress we make

Sung by the breeze of grace.

The panels adorning the rooftops

The rays hitting it reflects hope

Of the brightening future we hold

By the hands of sustainability we mold.

Innovation harnessed in the flowing water

Offers the strength of hydropower

The veins traveling the ends of this terrain

Carries streams of beaming future

Hands in hand we stand

With the earth that build us

Testament of our love for her

A solidarity between humanity and nature

~ A letter of our ongoing journey

Yogisha Rani, XII B

EXPLORING EARTH'S BEAUTY

Beneath the skies, we dream and roam,
Exploring Earth, our planet, our sweet home.
With each step, a new world unfold,
Mountains, oceans, stories yet untold.
This planet's beauty, a boundless source,
Our exploration, it's endless course.

Navya Garg, X A

Symbiotic Relation

This is a type of relationship
between the Lord Rama we worship
and the monkey who can fly
high up in the sky,
who never try to die!

The monkey was devoted Lord
And pray him as a God
from the bottom of its heart
which can unnecessarily never hurt.

The Rama was full of emotion
And the monkey prayed with
full devotion.
It took time to make
the bond of love that
never break!

Aarikheta, X B

TRUST YOUR DESTINY

Dear Human! Stop being tense,
Everything will be alright.

Ups and downs will evaporate and condense,
Your future will still be bright.
All around you, your destiny is fenced
To help your strength reignite.

The insecurities in your soul may get dispensed
But you will overcome this fright.
Never give up at any expense.
Face the hardships and fight.
All around you, your destiny is fenced
To help your faith reignite.

Change your attitude in every sense.
Try to find optimism in the plight
Your fate has already commenced
Seek your way out to delight.
All around you, your destiny is fenced
To help your resilience reignite.

Mishiti Malik, X E

Music: My Life

From the jazz to the blues
It gives me a clue
That it heals my wound of heart and mind
With the notes of gentle and kind

The tapes and records we collected so far
Has left a deep scar
Of the soundtrack of memories
Which will live on eternities

With the pianos with dust
Lies a ballads of trust
Where we all find just,
The beat that never rusts

Oh! Music is a disguise
Withing it is full of surprise
Which makes a great paradise
With never ending musical nights
Lies the dj lights
Makes Music, My life

E. Raghuruban, IX A

India's Strides in Space Research

Space research is a relatively unexplored and new branch of science and technology. Yet, the field is booming and all countries are in a fierce race to achieve accomplishments and milestones in the field of space research. In this race, India is overtaking all other nations and gradually emerging as the frontrunner.

The most recent accomplishment achieved by India was successfully landing 'Pragyan' rover on the moon under the Chandrayaan-3 mission. This made India the fourth country to successfully land on the moon, and the first to do so near the lunar south pole. Previously, the successful Chandrayaan-1 mission had discovered the presence of water molecules in lunar soil. The missions are a clean sign of India's advancements in the field of science. Moreover, Chandrayaan-3 was carried out on a budget of merely 615 crores or \$75million. Hence, the mission acts as an epitome of Indian scientists' perseverance and diligence. Now, ISRO has already launched another spacecraft, Aditya - L1 to analyse the Sun's atmosphere. The coronagraphy spacecraft will study the solar atmosphere, solar magnetic storms and their impacts on the environment around earth. These space missions have helped India burgeon in the field of space research and India could become the global leader in the field in the near future.

By - Archit Arora, class X

Think Good Be Good

Erstwhile there lived a small boy named Sammy. He was a good boy. He was good in studies, obedient to his parents, more intelligent than anyone in his class and kind to anyone. He was very magnanimous. Everyone loved him, but that aroused jealousy in many other boys who longed to be like Sammy. On the other hand, there was another boy named Timmy. He was the exact opposite of Sammy. He did not study, he misbehaved with everyone, bullied his classmates. He always bullied Sammy and belittled him before other kids in the class, but Sammy was not bothered and his grades kept getting better and better. Sammy kept getting accolades from everywhere. On his birthday Sammy received a pen from his parents, it was a gorgeous pen. Timmy was amused by that pen and decided to steal it. He took his chance and stole it when the class was empty. When Sammy came back, he looked for his pen but didn't find it. He told the teacher about it and the teacher asked the class monitor to check all the bags. Later, the pen was found in Timmy's bag and he was on the brink of crying. But rather than getting mad Sammy came over to Timmy and told him to forget it and start afresh, they became friends and Timmy started leaving all of his bad habits and became a good boy.

SUPERSTITIONS REGARDING FATE

-By Anushka Verma

"Superstitions exist in all cultures, whether they are regarding eclipses, shattered glasses, or black cats" explains Fateeha Beg, a Master in Psychology from Simmons University. Even in a progressing country like Bharat, people believe in superstitions and myths. "Don't take that path, a black cat just crossed it!" "You cannot change your fate".

Sounds odd right? But it's heard quite often. People need to stop believing in superstitions that were said by ancestors and priests. Fate or destiny is not something already decided by God. It is something you shape the way you want by your hard work. You decide your own destiny. They wouldn't be successful in their life. Our past has nothing to do with our present or future. But our present sets the way for our better future. It is time to let go of such superstitions. We are doing nothing but creating a wrong belief in our minds that our fate is already decided. To become successful, one needs to be a workaholic and not lazy.

Today, Bharat is making progress in every field, but just wonder if Shri Narendra Modi, who emerged from a low background, would have believed in these superstitions, he would not have been the Prime Minister leading India.

It also has an adverse affect in children's life if they start believing in superstitions, on every failure they will stop working hard and lose hope in achieving their goal in life. Recently Chandrayaan-3 mission became successful and set a milestone in the field of space and research after the failure of Chandrayaan-2 mission. This is nothing but the result of the willpower, determination and hardship of the scientists.

My Ponders on G20: Decoding the G20 's Global Impact

India's G20 Presidency, which spans from December 2022 to November 2023, carries the inspiring theme of "Vasudhaiva Kutumbakam" or "One Earth, One Family, One Future". The who's who of the world all gathered at the centre of New Delhi. It is what people call the "Met Gala of Diplomacy". In this article, we'll explore the significance of India's G20 Presidency, its origins, key initiatives, and the impact it has on the world stage.

Let's first know the genesis of the G20.

The G20 traces its roots back to 1999 when it was established in response to the Asian financial crisis. Initially, it served as a platform for Finance Ministers and Central Bank Governors to discuss global economic and financial issues. Over the years, it transformed into a platform where leaders from 20 of the world's major developed and developing economies converge. These nations, hailing from various continents (excluding Antarctica), collectively represent a staggering 85% of global GDP, over 75% of global trade, and approximately 2/3rds of the world's population. This sheer scale underscores the G20's role in tackling the challenges and seizing the opportunities of our interconnected world.

Super-duper Indianized G20 Logo: A Symbol of Growth amid challenges

An intriguing aspect of India's G20 Presidency is its logo, prominently featuring the Earth encircled by a lotus, India's national flower. This emblem symbolizes growth amidst challenges and draws inspiration from India's national flag's vibrant colours—saffron, white, green, and blue. The logo conveys a potent message of unity. The theme, "Vasudhaiva Kutumbakam," meaning "The World Is One Family," underscores global interconnectedness, transcending diverse backgrounds.

India led G20 agenda and "LiFE".

The G20 Presidency steers the G20 agenda through two tracks: the Finance Track led by Finance Ministers and Central Bank Governors, and the Sherpa Track led by representatives of heads of state or government. Sherpas oversee negotiations, discussing agenda items for the Summit and coordinating the G20's substantive work. Under India's stewardship, the G20 theme accentuates "LiFE" (Lifestyle for Environment), advocating for sustainable and responsible choices at both individual and national levels. This concept was initially introduced by India's Prime Minister, Shri Narendra Modi, at the Conference of Parties (CoP 26) in 2021.

Bharat's extravagant culinary service during the G20

The most significant gathering within the G20 is when heads of state come together via Invitation from Bharat. Yes, Article 1 of the Constitution says, "India, that is Bharat, is a Union of States". Hence Bharat and India are officially interchangeable. At the G20 Summit dinner, guests experienced the famous Indian saying, 'Atithi Devo Bhava' which means 'The Guest is God.' The menu featured diverse dishes from different Indian states, including Bihar's Litti Chokha, Rajasthani Dal Bati Churma made with millet, Punjabi Tadka Dal, and South Indian treats like Uthappam and Idli. Sweets such as Bengali Rasgulla and South Indian Masala Dosa, along with street food favourites like Golgappa, Dahi Bhalla, Samosa, Bhelpuri, Vada Pav, and Chatpati Chaat, were also served. This year's emphasis on millets was evident, with samosas, parathas, kheer, and halwa made from millet. India's focus on food as a tool for cultural exchange and diplomacy, known as "gastrodiplomacy," fosters understanding and cooperation between nations.

Historic Delhi Declaration achievements and Global Impact

The most remarkable achievement of India's G20 Presidency was the adoption of the New Delhi Leaders' Summit Declaration with "100 per cent consensus" on the opening day. This was a historic accomplishment, especially considering the backdrop of the Ukraine war. The "Delhi Declaration" underscored the importance of peace and respectful dialogue, emphasizing the significance of adhering to agreed-upon rules.

Another noteworthy development was the inclusion of the African Union (AU) as a permanent member, forming a single block akin to the existing European Union (EU). This expansion transforms the G20 into G-21, reflecting the organization's commitment to inclusivity and diversity.

My Takeaway

In summation, India's (Bharat) G20 Presidency in 2022-2023, under the theme "Vasudhava Kutumbakam," is a momentous period for both India and the global community. I know diplomacy can be boring but the G20 summit is not just about policy discussions but it's also about the grandeur, the opulence, diplomatic finesse and international flair that binds all the countries into one family. East or west my India or Bharat is the Best.

कविता

श्रीरंजित - भावों पैर लगाई हम

आमो पैर लगाई हम
अपना धरा बचाई हम

पल बिकेरी धरती धरती
कैदगी मिल से हियारी
वर भावों सहकाई हम
आमो पैर लगाई हम

दुखित हवा से बूझ साया
जंगी को है जान बिसया
दुखित हवा गवाई हम
आमो पैर लगाई हम

बक को बस नहीं पुकार
पैरों को बस ही भरोवार
मिल कर कदम गवाई हम
आमो पैर लगाई हम

मान भाव हम ना जानो
फिर पलवाओ को भागो
बन न शरी गवाई हम
आमो पैर लगाई हम

दुनिया की खोज करने हम चले

पृथ्वी की खोज में हम बढ़ते चले,
जैसे दर्शनों की दिल में आस लैके चले।
हर कदम पे नश रहस्य प्रकट होत,
पहाड़ों समुद्रों का आलेख होत।
दुनिया के हर कोने की खोज में बढ़ते चलो,
नश सफर का आनंद लेते चलो।

जिंदगी

यह दो पल की जिंदगी है
जहाँ आज बचपन तो कल जवानी है
परसे बुढ़ापा और फिर खत्म कदानी है

यही तो जिंदगी के है जनाब
जो मुकुरा रहा है, उसे दर्द ने पाला होगा
जो चल रहा है, उसके पाँव से खाला होगा
संघर्ष के रास्ते तो वह भी चला होगा
तभी तो आज वह इस मुकाम पर खड़ा होगा

आओ जिंदगी को गाते चले
कूठो को मनाते चले
कुछ रिश्ते नश लिभाने चले
सुद के साथ-साथ आओ
लोगों को भी टैसाते चले

उपास होने के लिए उम्र पड़ी है
नजर उठाओ सामने जिंदगी खड़ी है
न जाने कौसी यह जिंदगानी है
हर तरफ बस कौई - न - कौई
कदानी है

poetry

माँ की ममला जो तो ,सब ने ही स्वीकारा है
पर पिता की परवरिश को ,जब किसने लपकाया है।

मुसिको की घड़ियों में अक्षर
मेरे साथ खड़े थे जो
मेरी गल्पियाँ सी फिर भी
मेरे खरिरे छड़े ये जो।
जामियों की अहसास
मुसको जमी तो हो न पायी।
अपका जर सोते थे वो मेरे
अप या रलाई।
माँ की गोदी की गर्माहट
के बराबर उन्को शपकी।
जब उतका बना बिस्तर
आँके हलकी सी जो शपकी।
वो ही तो जनत मेरी
वो ही तो मन्त मेरी।
वो ही मेरा लुदन
वो ही सह का सुकन।
उनको त्रास में जो पाया
शुडी कड़वापन सही।
मेरे खरिरे मुसे डाटा
या वही बचपन सही।
यही तो है मेरे पिता

WORKSHOPS & WEBINARS

attended by TEACHERS in 2023-24

Webinar on School Quality Assessment and Assurance (SQAA)

Mr. Mani Bhushan, Headmaster and Mr. A.K. Bhatnagar, Head Asstt. attended a webinar on the topic "School Quality Assessment and Assurance (SQAA)" organized by CBSE in online mode on 6th April 2023. This assessment has been made mandatory by CBSE for granting fresh affiliation/extension of Affiliation. The CBSE representatives first deliberated in details about the nuances of NEP 2020. They explained the steps of self assessment to be done by schools against School Quality Assessment and Assurance.

Workshop on Career Counselling

Ms. Nishtha Khunger, Counselor attended a workshop on the title "Workshop on Career Counselling". The workshop was held at the DPS HRD Centre, Greater Noida on 13th April 2023.

Webinar on Life Skills

Ms. Poonam Sharma attended a webinar on the topic "Decision Making, Problem Solving & Communication" organized by HRD Centre, DPSS in online mode on 17th April 2023. Overall the programme was quite informative. The Resource Person emphasized that effective listening is very important in teaching and learning process.

Webinar on Life Skills

Ms. Shilpa Loomba attended a webinar on the topic "Managing Diversity in Classroom" organized by HRD Centre, DPSS in online mode on 18th April 2023. It was a very knowledgeable experience for teachers to attend the webinar.

Online Awareness Programme for Actuarial Science

Ms. Monika Malik attended a webinar on the topic "Online Awareness Programme for Actuarial Science" organized by Institute of Actuaries of India (IAI) with CBSE in online mode on 20th April 2023.

Webinar on Life Skills

Ms. Chitra Ahlawat attended a webinar on the topic "Coping with Stress" organized by HRD Centre, DPSS in online mode on 20th April 2023. More than 100 participants of DPS schools attended the webinar.

Capacity Building Programme for Artificial Intelligence for teachers

Ms. Sabina Garg, Ms. Anju Rana & Mr. Rohit Gupta attended a webinar on the topic "Capacity Building Programme for Artificial Intelligence for teachers in class IX" organized by CBSE in online mode from 25th April to 27th April 2023.

Webinar for Physical Education Teachers

Mr. K.C. Manikathan, PGT-Physical Education attended a webinar on the topic “National Level Awareness” organized by NADA (National Anti Doping Agency) in collaboration with CBSE in online mode on 8th May 2023 via YouTube link.

Workshop for Primary School Teachers

Ms. Poonam Ghaghas, PRT attended a workshop on the title “Workshop For Primary School Teachers”. The workshop was held at the DPS HRD Centre, Greater Noida from 11th to 16th May 2023.

Teacher competency Test by Centre of Teacher Accreditation (CENTA)

Ms. Ekta Pasricha & Ms. Suman Chauhan for English, Ms. Rekha Sharma & Ms. Elsy Susan Mathews for Maths and Ms. Deepika Sharma & Ms. Shweta Gurtatta for Science appeared for a teacher subject competency test conducted by Centre of Teacher Accreditation (CENTA) for Education World India School Ranking (EWISR) 2023-24 on 13th May 2023 in online mode.

Physics – Workshop

Ms. Nidhi Jain, PGT attended a workshop on “Physics”. The workshop was held at the DPS HRD Centre, Greater Noida from 27th to 31st May 2023.

Interaction with Principal

Ms. Anuradha Dwivedy, Vice Principal attended an interaction session with the Secretary, Deptt. of School Education and Literacy, Ministry of Education, organized by CBSE in online mode on 1st June 2023.

Workshop for Social Science

Ms. Chitra Ahlawat, TGT attended a workshop on Social Science for Middle School Teachers. The Workshop was held at the DPS HRD Centre, Greater Noida from 10th June to 14th June 2023.

Training Programme of Yoga

Mr. Rajesh Kumar Yadav, Yoga Teacher attended one day training programme for “Yoga” . The Workshop was held at ITL Public School , Dwarka, New Delhi on 1st July’2023 organised by CBSE.

Webinar on Psychological Well-being

Ms. Nishtha Khunger, PGT attended a webinar on Psychological Well-being. This online webinar was organized by Institute of Constitutional and Parliamentary Studies on 8th July 2023.

**Online Training
Program PRAYOG**

Ms. Anuradha Dwivedy, Vice Principal attended a webinar on the topic “PRAYOG (Pradhanacharya Yojna for Growth)” organized by CBSE in online mode on 11th July & 25th July 2023.

Hindi Webinar

Ms. Suman Lata attended a webinar on the topic “Hindi Ki Chuninda kahaniyon ka Punarpath” organized by HRD Centre, DPSS in online mode on 3rd July 2023. The overall session was very informative.

Hindi Webinar

Ms. Gayatri Singh attended a webinar on the topic “Kavya Khand Paathan and Pathan” organized by HRD Centre, DPSS in online mode on 4th July 2023. The overall session was very informative and fruitful.

Hindi Webinar

Ms. Rekha Gupta attended a webinar on the topic “Hindi Vyakaran- Sidhanth and Vyavhaar” organized by HRD Centre, DPSS in online mode on 5th July 2023. The overall session was very attractive, informative and fruitful.

Hindi Webinar

Mr. Ranu Tiwari attended a webinar on the topic “Abhivyaakti Kaushal ka Vikaas – Chunotiyan and Sambhavnay” organized by HRD Centre, DPSS in online mode on 6th July 2023. The overall session was very informative and fruitful.

Hindi Webinar

Ms. Bharti Pandey attended a webinar on the topic “Rachnatmak Lekhan” organized by HRD Centre, DPSS in online mode on 7th July 2023. The overall session was very informative and fruitful.

**Webinar on Life
Skills**

All school teachers including 02 Librarians attended a webinar on the topic “Promoting the use of Libraries and Cultivating Reading Habits” organized by CBSE in online mode on 29th May 2023. It was emphasized to implement such great ideas in this webinar . Welcome address was given by Ms. Meenakshi Dang, Assistant Secretary Training CBSE, HQ, Delhi and the Resource Person was Dr. Sharada Chandrashekharan, Director and Head of Institution Academics Whitefield Global School, Bengaluru, Karnataka.

**Economics
Webinar**

Ms. Rachna Bahri attended a webinar on the topic “Macroeconomics” organized by HRD Centre, DPSS in online mode on 12th July 2023. The whole session was very useful.

Economics Webinar

Mr. Sudip Chatterjee attended a webinar on the topic “Globalization and the Indian Economy Demand & Elasticity Cost Analysis” organized by HRD Centre, DPSS in online mode on 13th July 2023. Various other topics like equilibrium of cost curve and production curve were also discussed. The overall session was very informative and fruitful.

Economics Webinar

Mr. Sudhir Kumar Gupta attended a webinar on the topic “Use of Econometrics” organized by HRD Centre, DPSS in online mode on 17th July 2023. It was a fruitful participation and liked by all the participants.

Economics Webinar

Mr. Kumar Kartik Singh attended a webinar on the topic “Employment and Human Capital Formation” organized by HRD Centre, DPSS in online mode on 18th July 2023. It was a fruitful participation and liked by all the participants.

Webinar on Latest School Policies

Ms. Mitali Anand, PRT attended a webinar on the topic “Addressing Diversity and Inclusion Through Stories” organized by HRD Centre, DPSS in online mode on 7th August 2023. It included circle time, holding a cultural fair/event, being sensitive and appreciating diversity that each child brings to the classroom. The webinar concluded with a brief Q & A session.

Webinar on Latest School Policies

Mr. Amit Saxena, PGT attended a webinar on the topic “Unpacking the National Curriculum framework for school education - Redesigning Secondary Education” organized by HRD Centre, DPSS in online mode on 8th August 2023. The webinar was informative.

Webinar on Latest School Policies

Ms. Dimple Sindwani, PRT attended a webinar on the topic “Action Plan of NEP in the classroom” organized by HRD Centre, DPSS in online mode on 9th August 2023. The webinar was very interesting and resourceful.

Webinar on Latest School Policies

Ms. Meghna Muradia, PRT attended a webinar on the topic “National Curriculum Framework (NCF) Foundational Stage” organized by HRD Centre, DPSS in online mode on 10th August 2023. This NCF will deal with the role of teachers as well as parents and communities in enabling and enhancing the developmental outcomes that are sought during this stage.

Webinar on Latest School Policies

Ms. Deepika Sharma, PRT attended a webinar on the topic “Multidisciplinary Approach to Learning” organized by HRD Centre, DPSS in online mode on 11th August 2023. The webinar was engaging, interesting and included innovative ways of involving students in discussion with teachers and their peers in the classroom.

Webinar on Latest School Policies

Mr. Mani Bhushan, Headmaster attended a webinar on the topic “Vocationalisation of Education in Schools” organized by HRD Centre, DPSS in online mode on 8th August 2023. It was strongly advised to make children visit industries, in tandem with their vocational courses, to see the working.

Webinar on Latest School Policies

Ms. Vidhu Soin, PGT attended a webinar on the topic “Integration of Art in Teaching and Assessment” organized by HRD Centre, DPSS in online mode on 16th August 2023. It was an informative session that expounded the importance of integrating art in teaching different subjects.

Webinar on Latest School Policies

Ms. Nishtha Khunger, Counselor attended a webinar on the topic “Introduction to Sign Language” organized by HRD Centre, DPSS in online mode on 17th August 2023. This session focused on explaining the sign language which is mainly used by deaf (hard of hearing) and dumb people to exchange information between their own community and with other people.

Financial Literacy and Use of Digital Tools

A seminar on Financial Literacy and Use of Digital Tools was organized for the teachers of the school and the neighbouring schools by CBSE on 29 September 2023 at DPS Panipat Refinery. The resource person was Mr. Amit Gupta, Company Secretary. The programme commenced with a brief introduction, whereby the teachers were briefed about the importance of financial literacy. The resource person further asked the teachers about their saving and investment preferences. The session was divided into two sectors of investment, the banking sector and the financial market. Under the banking sector, pros and cons of investing in Insurance Policies, FDs, RDs and PFs were discussed. Also the resource person gave some useful tips to go through policy documents before signing any policy. Under financial market, he discussed about primary market i.e. IPOs, FPOs, Right issues, Bonus issues etc. and explained the terms thoroughly. He also explained the secondary market i.e. Debentures etc. he elaborated the uses of investing in different categories while being alert from frauds. Throughout, it was a very interactive session and teachers were encouraged to ask their doubts and queries. All in all, it was a very informative and useful session. The programme culminated with question and answer session followed by vote of thanks.
